In the month of June last the Directors of the Presbyterian Grammar and High School, with a view to enlarge its scope of usefulness, and the better to carry out their design of having in Memphis a non-sectarian school for girls and young ladles, determined to enlarge their Directory by admitting within it representatives of all evangelical denominations. It was deemed expedient to indicate this change by a corresponding alteration in the name of the school, and accordingly it was resolved to adopt the name of the "Leath Institute," in honor of our late esteem d fellow-citizen, James T. It not only cures the disease, but strengthens the intestinal organs and invigorates the entire system. We do not claim it to cure every thing, but we guarantee it to cure the diseases we name above. For children it has no equal, being both mild and safe in its effects; and for females it is the best strengthener and appetizer known.
